

09 February 2024

CEGH VTP starts into 2024 with a plus of net traded volume of 57.4 TWh, the highest volumes nominated since March 2022!

- **57.44 TWh were nominated on the CEGH VTP in January 2024, a plus of 13.7% compared to the same month in 2023!**
- **37.23 TWh were traded on the EEX CEGH Market Austria.**
- **3.95 TWh were traded on the EEX CEGH Czech Gas Market in January, a plus of 76.9% compared to January 2023!**

CEGH VTP:

Nominated gas volumes at the CEGH VTP reached 57.44 TWh, the highest volumes since March 2022 and a plus of 13.7% compared to the same month in 2023!

The churn rate was 4.92 (the churn rate is a measure of liquidity and indicates how many times a MWh of natural gas is traded before it is finally physically transferred).

CEGH had 323 members at the end of January.

EEX CEGH Austrian Gas Market:

On the EEX CEGH Market Austria a volume of 37.23 TWh was traded in January.

The EEX CEGH Spot Market recorded a volume of 15.41 TWh.

The Futures Market reached 21.82 TWh.

At the end of January, 165 members were registered on the Austrian EEX CEGH Gas Market.

EEX CEGH Czech Gas Market:

On the EEX CEGH Czech Gas Market 3.95 TWh were traded, an increase of 76.9% compared to January 2023!

The Spot Market traded 2.36 TWh.

On the Futures Market, the volume was 1.6 TWh.

At the end of January, 72 companies were registered on the EEX CEGH Czech Gas Market.

Spot Market	2.20	2.36
Futures Market	0.04	1.60
EEX Members for EEX CEGH Czech Gas Market	48	72

CEGH GreenGas Platform:

CEGH launched, as one of the first players on the gas market, the CEGH GreenGas Platform in April 2022. It is the first platform to support the decarbonization of the gas markets by providing trading possibilities for Green Gases. It will be a marketplace for biogas supply and demand as well as for green hydrogen, once green hydrogen becomes available on the market.

If you are interested in what we created to support the change in the energy system and how you can benefit from it, have a look on our website www.cegh.at/en/greengas or directly on the [CEGH GreenGas Platform](#).

CEGH GreenHydrogen Index:

In December 2022, CEGH launched the second project to support the energy transition: The CEGH GreenHydrogen Index!

Again, as one of the first players on the gas market, CEGH has started publishing the CEGH GreenHydrogen Index as an index for the production costs of Green Hydrogen in Austria. The Index will serve as a price reference for Green Hydrogen in Austria and in Central Europe.

If you are interested in the different kinds of green hydrogen and further details about the CEGH GreenHydrogen Index, have a look on our website [CEGH GreenHydrogen Index Specifications](#) or directly on the [CEGH GreenHydrogen Index website](#) to see past and current values.

Background information:

Central European Gas Hub:

Central European Gas Hub AG (CEGH) is the operator of the Virtual Trading Point (VTP) in Austria and provides a gas nomination platform for international gas companies. The Gas Exchange products for the Austrian and Czech markets are offered on EEX Gas in cooperation between EEX and CEGH.

CEGH is a subsidiary of OMV Gas Logistics Holding (65%), Wiener Boerse (20%) and Eustream (15%). In 2023, CEGH has proven its position as one of Central Europe's leading trading platforms when it achieved a nominated volume of 575 TWh of natural gas at the CEGH VTP, despite the challenges on the European Gas Markets.
