

9 May 2025

Austrian EEX CEGH Futures: 22.15 TWh traded, an increase of 75% compared to April 2024!

- 42.90 TWh were nominated on the CEGH VTP in April 2025.
- The EEX CEGH Market Austria recorded an astonishing monthly record of 37.91 TWh in traded volume, marking an impressive 36.5% growth compared to the same month in 2024!
- The EEX CEGH Czech Gas Market saw a total of 2.74 TWh traded, with the Spot Market contributing 2.16 TWh!

CEGH VTP:

Nominated gas volumes on the CEGH VTP reached 42.90 TWh.

The churn rate was 5.12 (the churn rate is a measure of liquidity and indicates how many times a MWh of natural gas is traded before it is finally physically transferred).

Per end of April, CEGH had 366 registered members.

EEX CEGH Austrian Gas Market:

In April 37.91 TWh were traded on the EEX CEGH market in Austria – an impressive growth of 36.5% compared to the same month in 2024 and the highest total volume traded since January 2023!

15.76 TWh were traded on the Spot Market.

The Futures Market recorded a volume of 22.15 TWh, an astounding growth of 75.2% compared to April 2024 and the highest traded Futures volume also since November 2022!

Per end of April, 227 members were registered on the Austrian EEX CEGH Gas Market.

EEX CEGH Czech Gas Market:

A total of 2.74 TWh were traded on the EEX CEGH Czech Gas Market this April, with the Spot Market contributing 2.16 TWh.

On the Futures Market, 0.58 TWh were traded.

Per end of April, 92 companies were registered on the EEX CEGH Czech Gas Market.

CEGH GreenGas Platform Members	25	90

CEGH GreenGas Platform:

CEGH launched, as one of the first players on the gas market, the CEGH GreenGas Platform in April 2022. It is the first platform to support the decarbonization of the gas markets by providing trading possibilities for Green Gases. It is a marketplace for biogas supply and demand as well as for green hydrogen.

If you are interested in what we created to support the change in the energy system and how you can benefit from it, have a look on our website www.cegh.at/en/greengas or directly on the CEGH GreenGas Platform.

CEGH GreenHydrogen Index:

In December 2022, CEGH launched the second project to support the energy transition: The CEGH GreenHydrogen Index!

Again, as one of the first players on the gas market, CEGH has started publishing the CEGH GreenHydrogen Index as an index for the production costs of Green Hydrogen in Austria. The Index will serve as a price reference for Green Hydrogen in Austria and in Central Europe.

If you are interested in the different kinds of green hydrogen and further details about the CEGH GreenHydrogen Index, have a look on our website CEGH GreenHydrogen Index or directly on the CEGH GreenHydrogen Index website to see past and current values.

Background information:

Central European Gas Hub:

Central European Gas Hub AG (CEGH) is the operator of the Virtual Trading Point (VTP) in Austria and provides a gas nomination platform for international gas companies. The Gas Exchange products for the Austrian and Czech markets are offered on EEX Gas in cooperation between EEX and CEGH.

CEGH is a subsidiary of OMV Gas Logistics Holding (65%), Wiener Boerse (20%) and Eustream (15%). In 2024, CEGH has proven its position as one of Central Europe's leading trading platforms when it achieved a nominated volume of 700 TWh of natural gas at the CEGH VTP, despite the challenges on the European Gas Markets.
