

15 September 2025

EEX CEGH Austrian Futures Market nearly doubles in August 2025 vs August 2024!

- 42.08 TWh were nominated at the CEGH VTP in August 2025.
- The EEX CEGH Austrian Gas Market recorded a traded volume of 23.26 TWh.
- The EEX CEGH Czech Gas Spot Market saw a growth of 57.3% compared to August 2024.

CEGH VTP:

In August 2025, nominated gas volumes at the CEGH VTP reached 42.08 TWh.

The **churn rate** was **4.5**, indicating good market liquidity (the churn rate is a measure of liquidity and indicates how many times a MWh of natural gas is traded before it is finally physically transferred).

Per end of August, CEGH had 369 registered members.

EEX CEGH Austrian Gas Market:

In August, 23.26 TWh were traded on the EEX CEGH Market in Austria with the Spot Market contributing 10 TWh.

The Futures Market reached 13.3 TWh, an increase of 96% year-on-year.

Per end of August, 229 members were registered on the Austrian EEX CEGH Gas Market.

EEX CEGH Czech Gas Market:

A total of 1.89 TWh were traded on the EEX CEGH Czech Gas Market in August.

The Spot Market accounted for 1.82 TWh – an increase of 57.3% compared to August 2024!

On the Futures Market, 0.07 TWh were traded.

Per end of August, 97 companies were registered on the EEX CEGH Czech Gas Market.

CEGH GreenGas Platform:

CEGH launched, as one of the first players on the gas market, the CEGH GreenGas Platform in April 2022. It is the first platform to support the decarbonization of the gas markets by providing trading possibilities for Green Gases. It serves as a dedicated marketplace for both **biogas** and **green hydrogen**, bringing together supply and demand in a transparent and efficient way.

If you're interested in how our platform can support your transition to green energy and how you can benefit from it, visit our website: www.cegh.at/en/greengas or go directly to the [CEGH GreenGas Platform](#).

CEGH GreenHydrogen Index:

In **December 2022**, CEGH launched its second major initiative to support the energy transition: the **CEGH GreenHydrogen Index**.

Once again positioning itself as a pioneer in the gas market, CEGH began publishing this index to reflect the **production costs of green hydrogen in Austria**. The index serves as an important **price reference for green hydrogen** – both in Austria and across Central Europe – supporting transparency and market development.

If you're interested in learning more about the different types of green hydrogen and the methodology behind the index, visit our website: [CEGH GreenHydrogen Index Specifications](#) or explore historical and current values directly on the [CEGH GreenHydrogen Index website](#).

Background information:

Central European Gas Hub:

Central European Gas Hub AG (CEGH) is the operator of the Virtual Trading Point (VTP) in Austria and provides a gas nomination platform for international gas companies. The Gas Exchange products for the Austrian and Czech markets are offered on EEX Gas in cooperation between EEX and CEGH.

CEGH is a subsidiary of OMV Gas Logistics Holding (65%), Wiener Boerse (20%) and Eustream (15%). In 2024, CEGH has proven its position as one of Central Europe's leading trading platforms when it achieved a nominated volume of 700 TWh of natural gas at the CEGH VTP, despite the challenges on the European Gas Markets.
